

The Little Red Hen Number Song

(Sing to the tune of 'This Old Man'.)

Little Red Hen, she played one.
She did chores in the morning sun.
With a splish, splash, scrub the floor, tidy bits and bobs.
Little Red Hen did all the jobs.

Little Red Hen, she played two.
Planting wheat grain, she must do.
With a splish, splash, scrub the floor, tidy bits and bobs.
Little Red Hen did all the jobs.

Little Red Hen, she played three.
The wheat grew tall for all to see.
With a splish, splash, scrub the floor, tidy bits and bobs.
Little Red Hen did all the jobs.

Little Red Hen, she played four.
She watered wheat and watered more.
With a splish, splash, scrub the floor, tidy bits and bobs.
Little Red Hen did all the jobs.

Little Red Hen, she played five.
She cut the wheat down with a scythe.
With a splish, splash, scrub the floor, tidy bits and bobs.
Little Red Hen did all the jobs.

Little Red Hen, she played six.
She used the flour in the bread dough mix.
With a splish, splash, scrub the floor, tidy bits and bobs.
Little Red Hen did all the jobs.
