

Design a class logo

Thank you to everyone who designed a logo for their class, there were some very creative ideas. Many of you thought very carefully about your class name and our Oakley Learning Attributes (Ready and Resourceful, Resilient, Reflective, Curious, Creative and Collaborative).

Picking a winner has not been easy so we have decided that all the entries from each class will be used to make up their own class logo. We are going to create a PicCollage for each class using the entries that have been sent in.

All of the designs have been shared on the gallery with their own slideshow.

Thank you for all of your creative efforts.
