

Bonfire Night is Here Again

(Sing to the tune of 'London Bridge is Falling Down'.)

Bonfire night is here again,
Here again,
Here again,
Bonfire night is here again,
It's November.

Build a bonfire with some wood, with
some wood...

Light the fire and watch the flames...

Stand well back and don't get hurt...

Watch the rockets flying high...

Now the fire is dying down...

Let's hold hands and all walk home...

Time for bed, so curl up small...
