Spring Term: Issue 10

18 March 2025

Strive, thrive and achieve together

Dear Parents,

Thank you to all who have already taken some wood from the carpark. There will be more there soon as the bench refurbishment progresses, please do continue to help yourself.

At school we have spoken this week about rubbish! The children were great at talking about all the recycling that they do at home and we are now going to be ensuring better recycling at school too. From 31 March 2025, new recycling regulations in England will require businesses to separate their waste into specific categories, including general waste, recycling, and food waste. At school we will be ensuring that our waste is separated so that it can be recycled correctly. To support with this please be aware that the yellow bin on the school playground is for food waste only, the children use this for their snack waste at break time. Also, if your child brings a packed lunch to school, you will see that all of their food packaging will remain in their lunch box to be disposed of at home. Thank you for your support.

We have been without a School Crossing Patrol for a while and we are pleased to hear that the School Crossing Patrol site on Oakley Lane has now been surveyed and remains justified. We have been asked for our support in finding a replacement for the patrol. The advert for the position is sent out with the newsletter today, please share with others who you feel could be interested in this role.
